WEDNESDAY, SEPT. 4, 1907.

The News-Leader agrees with the Lynchburg News that Virginia should lead the South in the next presidential fight. "So say we all," but would be glad to know in advance whether or not the News Leader will stand to the color. no matter what Democrat is asked to carry them? Will the "fundamentals" adopted by the brethren in Convention assembly become also the fundamentals of our worthy contemporary?

The people of Virginia are to be congratulated on the defeat of Col. H. T. Wickham for return to the State Senate. He is a strong man and would make a valuable member of that body but for his railroad proclivities, and what is true of the Col. is equally true of all the lawyers who for years have represented railroad interests. Resigning as they enter battle doesn't make them the proper agent just now to serve the people. Wickham's defeat is people's triumph.

That is a surprising injunction which was asked for by the citizens of Culpeper in which they would restrain the Circuit Judges of the State from appointing Commissioners of Revenue. They strongly maintain that the voters alone should decide upon their officials, and that to interfere with the privilege is to trample on their constitutional rights. What will be done when appointments have already been made?

Think of a family leaving Newport as the season closes with unpaid grocer and butcher bills, whose annual income is $5,000. No wonder that unrest takes possession of the minds of the people when they remember the criminality that marks the accumulation of vast fortunes and the prodigality with which they are often disposed of.

Secy Taft says that the crowning glory of the Roosevelt administration would be to at least make some of the Southern States Republican. It will die crowning when the nearest approach to a member of his Cabinet from the South has been in the person of a negro.

Rockefeller says to the young men of America, "Learn to master the knack of economy, thirsta, honesty and perseverance and success is there," but the world says that dishonesty made the John D. dollars, and who is right?

The Jamestown Exposition is in full dress now. Let all of us go, enjoy the sight and return home better prepared for more earnest work.

Barr's blow at "Harry" Tucker may make him Governor of Virginia, and then there will be no social sub-titute.

Already down in Georgia they are beginning to talk of the voice of Smith and the hand of Watson. "We told you so."

Judge Hundley got his Commissioners before the injunction was served. Now what will he do about it?

"It is much easier to live right than to live by writing." No easy job either of them.

We wonder if Mr. Roosevelt does really go out into the harvest field and do a day's work. If he is much of a farmer he can't be much of a Dingley tariff advocate.

Arcanum.

Miss Julia Payne is slowly recovering from a severe spell of sickness contracted at the Exposition.

Rev. W. Patteson Provence, of the West Buckingham Circuit, and Miss Marie Alyce Morgan, daughter of Mr. R. T. Morgan, of Anderson ville, were married at Bethel Church this morning at 11 o'clock.

Mr. and Mrs. R. W. Newsome and little daughter, Lelia, are spending a couple of weeks with Mrs. Newsome's parents, Mr. and Mrs. Hebditch.

Mrs. Willie Spencer and baby daughter have returned to their home at Glen Jean, W. Va., after a month's visit to her husband's parents, Mr. and Mrs. W. B. Spencer.

Misses Hattie and Lavinia Steger left to-day to spend a week at the Exposition.

Miss Ellen Davis and Miss Hebditch are still at the Exposition.

Mr. J. W. Clark has over 50 horses hired hauling staves to Dillwyn and Farmville from the Standard Oil Co's plant at this place and Sheppards.

Mary Jane's Reason.

One Monday morning some time ago two colored women happened to be sitting next each other in a U street car, when one of them turned in surprise and, looking her companion up and down, said:

"Law! Mary Jane, is dat you? What in de name er gracious is you all dressed up so fine fur dis soon in de mornin'?"

"I's gwine ter co't," she prondly replied.

"Gwine ter co't? Is you been en got inter a fight?"

"No, indeed. I don' neber git in no 'sputes er quar'ls."

"Den is you been cotch' takin' anything?"

"Me cotch' takin' anything! No, indeed. I don' neber lay my han's on nothin' don' b'long ter me."

"Den what you gwine to co't fer?"

"I's gwine ter git a divo'ce fum Jim."

"Git a divo'ce fum Jim! Why, what is Jim done? Is he beat you?"

"Jim beat me! No, indeed! Dat 'e ain't. Jim ain't neber spuck a cross word ter me in his whole life."

"Den don' he s'pot you?"

"Jim s'pot me! I reckon Jim do. He come home de minute he git his wages en lays 'em all red in my lap. S'pot'n me! Why, 'Liza, Jim would tek his shirt off'n his back ter git ter me."

"Den in de name er goodness, Mary Jane, what is you gwine ter git a divo'ce fum Jim fer?"

"Well, 'Liza, I tell you de truf—I jes' natcherly los' my tas'e fer Jim."—September Lippincott's.

A Mineral Water that Defies Drugs
NATURE'S GREAT BLOOD TONIC

The recent drug exposures in this Country have proven to all that deadly poisons and stimulants lurk in many Patent Medicines. You never know when you might be taking some of that class.

Nature has made ample provision for restoring vigor and vitality to humanity, and the public, as well as doctors, resort to Natural Remedies, when all others have failed.

Are you troubled with Nervousness, Malaria, Kidney or Bladder Trouble, Chronic Diarrhoea or Dysentery, and above all, that dreadful disease Scrofula, which has almost baffled human skill, or Diseases peculiar to Females?

Piedmont-Bedford Concentrated Iron & Alum Water

Is Nature's Remedy for Nature's Ills. Yes, when you consider that disease comes from impoverished or run down conditions of the system, this Natural Mineral Water furnishes the system what it needs.

The analysis of this Water, shown on the bottle, tells you what **Nature thinks you should take when sick,** and the doctor who reads it will agree.

Do you think the grouping together in this Water of 17 different minerals, which are recognized by medical writers as **most powerful blood tonics,** could have been accidental? Reason answers, NO!

An 18-oz bottle of Piedmont-Bedford Concentrated Iron and Alum water contains all the minerals of 25 gallons of the average natural water—Then **why buy a barrel of water when you can get a bottle of minerals at the trivial cost of one dollar.** The dose is a teaspoonful in a glass of your own spring water.

How this Water acts upon the system is not clearly known. It is judged mainly by its works. It has cured all the diseases numerated above, and many more, evidently through its action as a powerful **BLOOD TONIC.**

We have many valuable certificates, which we will be glad to mail, if you are interested.
